

# PRODUCT PORTFOLIO

CREDIN SWEDEN

## This is Credin Sweden

Founded in 1987 Credin Sweden is since 2019 part of Credin Group and Orkla Food Ingredients. Our head office, with product development, production and warehouse, is located 25 kms northeast of Gothenburg.

## Our Business idea

We develop, produce and sell high quality ingredients to the European bakery market. Working closely with our customers we create solutions with innovative product development and a high degree of flexibility in our production.

## Our business

Our customers are all types of bakeries, industrial bakeries and semi-industrial bakeries, as well as artisan and in-store bakeries. We have also customers in the chocolate and candy industries as well as in the ice cream and food industries.

## Our product portfolio

Our product portfolio consists of ingredients for all kinds of bread, coffee bread and pastry products, as well as food colourings and aromas, both for the bakery market and for the ice cream and candy industries.

In Stenkullen we develop and produce liquid margarines and functional fats, ready-to-use fillings and creams, cake mixes, muffin mixes, custard cream powders, fondants, bread mixes and bread decorations, bread improvers as well as food colourings and aromas.

We have a wide and growing range of palm-free products and a growing range of e-free products.

WE  
CREATE  
SOLUTIONS

## Our services

We develop ingredients and concepts to make it easier for our customers to produce bakery products of a high and even quality in a cost efficient way. We develop ingredients and recipes to inspire new tasty bakery products resulting in increased sales and higher profitability for our customers. "Your business is our business!"

With a long and deep experience in customized product development, in close cooperation with the customer, we have become an important and reliable partner to European industrial bakeries.

Stenkullen in April 2024
